

HEALTHCARE LEGISLATIVE POSITION

How You Can Help Defend Agent Compensation

SUPPORT healthcare reform that recognizes the role of independent agents

Cosponsor and urge action on the bipartisan **Access to Independent Health Insurance Advisors Act** (H.R. 4575/S. 2303), which was introduced in the 115th Congress in the House by Reps. Billy Long (R-MO) and Kurt Schrader (D-OR) and in the Senate by Sens. Johnny Isakson (R-GA) and Chris Coons (D-DE).

This proposed legislation provides that certain compensation for agents and brokers is exempt from the medical loss ratio (MLR) calculation.

Support efforts to ensure that agents are appropriately compensated for their expertise.

How You Can Help Defend Employee Health Plans

SUPPORT legislation to repeal the Cadillac tax

Cosponsor and urge action on the bipartisan **Middle-Class Health Benefits Tax Repeal Act (S. 58/H.R. 173)**, introduced by Sens. Dean Heller (R-NV) and Martin Heinrich (D-NM) in the Senate and by Reps. Mike Kelly (R-PA) and Joe Courtney (D-CT) in the House.

The proposed legislation will repeal the harmful Cadillac tax, a 40 percent excise tax on certain employer-sponsored health plans. The implementation of this harmful tax has been pushed back to 2022 due to bipartisan opposition and concern over the economic damage it will cause.

Most health plans in the United States are provided by employers. If this tax were to become law, it would unfairly penalize millions of workers. Support this legislation and any effort to permanently repeal this tax.
